Verse 1:

All these years in a desert, all these nights behind these walls  
for you I've been searching, letting God make all the calls.  
There were times when sadness gripped me, and my loneliness whispered clear,  
There's no use in all your waiting, heaven doesn't hear

Chorus:

And then suddenly it happened  
There you were for me  
And now suddenly you're all that I can see  
There were many nights I wondered, was I running out of time?  
And now we have forever, Suddenly

Verse 2:

All my life I'd imagined I would find someone someday  
but I never thought my story, would be written quite this way  
As the years they turned like pages, Jesus said he'd see me through.  
Dreamed of happily ever after, All the while praying for you.

Chorus:

And then suddenly it happened  
There you were for me  
And now suddenly you're all that I can see  
There were many nights I wondered, was I running out of time?  
And now we have forever, Suddenly

Bridge:

Yesterday who could say, they knew this day, would ever come to be,  
when my prayers for you were answered finally.

Chorus:

And then suddenly it happened  
There you were for me  
And now suddenly you are all I see  
There were many nights I wondered, was I running out of time?  
To find that one that God had just for me  
And now we have forever...  
Suddenly
