Verse 1

I thought love was just a feeling
And a heartbeat just a sound
Then your first cry, changed my whole life
And turned my world around

Chorus

Oh baby, you are mine and I am yours, forever you are
Oh baby, don't know who I was before, you were in my arms
I'll wipe away all your tears
You know I will be right here
Oh baby

Verse 2

Sometimes days they go so slowly
But then I blink and it's been years
But I won't try to turn back the time
Cuz every minute's dear

Chorus

Oh baby, you are mine and I am yours, forever you are
Oh baby, don't know who I was before, you were in my arms
I'll wipe away all your tears
You know I will be right here
Oh baby

Bridge

This love is like the sea, but you won't know how deep
Until you have your own someday
When you hear that cry, and look into those eyes
Now you'll know just what to say

Chorus

Oh baby, you are mine and I am yours, forever you are
Oh baby, don't know who I was before You were in my arms
Oh baby, you are mine and I am yours, forever you are
Oh baby, don't know who I was before, you were in my arms
I'll wipe away all your tears
You know I will be right here
Oh baby
